Professional Summary

Motivated computer science student at Western Sydney University with an interest in cybersecurity. Developing knowledge of networking, databases and website design, alongside studies in visual design media and photography. A quick learner with analytical thinking skills and attention to detail, seeking an entry-level role or internship to gain practical experience and contribute to a team.

Education

Western Sydney University - Kingswood, NSW
2026–Present
7191 - Diploma in Information and Communications Technology
Relevant areas of study include computer science, cybersecurity, networking, databases, website design and visual design media.

Work Experience

Networking: Developing an understanding of computer networks, how devices connect and how information moves between them.

Website design: Developing skills in webpage layout, navigation and visual presentation to create clear, accessible websites.

Cybersecurity: Building foundational knowledge of network security, digital threats and protecting information.

Visual design media: Studied design principles, including layout, colour and visual communication.

Databases: Learning how information is stored, organised and managed within databases.

Photography: Learnt basic camera operation and photographic techniques through coursework, including framing and composition.

Coursework and Practical Learning

Western Sydney University | 2026–Present

Apply technical concepts through learning activities in networking, databases and website design.

Explore how layout, colour and navigation affect the appearance and usability of websites.

Use camera skills and visual design knowledge to develop creative work for course activities.

Continue building technical knowledge through practical tasks and feedback.

Personal Strengths

- Analytical thinking and a careful approach to solving problems.
- Attention to detail in technical and creative work.
- Ability to learn new concepts and adapt to unfamiliar tasks.
- Willingness to accept feedback and develop practical skills.
